

Beware of Low Prices!

There are many people who think that buying a couple cages and some business cards makes them a Wildlife Professional. **Not true!**

You may find these companies charging \$20 or \$30 to come to your house and “resolve” your wildlife problem. **BEWARE!**

They are **not insured**. If something happens to them on your property, **they will sue YOU!**

They are **not properly licensed** to do Wildlife Control.

They **do not have the proper training to humanely and effectively work** with wildlife.

They **do not have any certifications or advanced training** to further their expertise.

The **quality of the work will not be up to industry specifications**. You get **what you pay for**.

Will they be able to respond to your needs quickly?

Will they have the proper equipment?

They **will not be around long enough** to fix any warranty problem that you may have.

Consumers should be made aware of the “**make a quick buck**” guys out there and the **fly-by-night companies** quickly popping up in this industry.

It takes years of experience and training to fully resolve wildlife conflicts and restore your property to its original condition.

The old adage ‘**Do it right the first time**’ means you won’t have to hire someone else to fix it right.

Our team of Wildlife Experts can fully resolve your wildlife conflicts and restore your property to its original condition. And our service has the best guarantee in the industry; The most gentle and complete wildlife service or it’s FREE!

Thank you in advance for choosing a Professional Team of Wildlife Experts.
